CASE REPORT

NARRATIVE

Officer Zabala
Case#18-43374
Assault

On 11/18/18 at around 0900 hours, I was working patrol for the City of Kirkland when I arrived at Fairfax hospital, 10200 NE 132nd Street in Kirkland reference an assault. The reporting party, [REDACTED] reported that he was punched in the face by another patient at the facility on 11/17/18. Upon arrival, I was escorted by staff and met with [REDACTED].

[REDACTED] provided the following accounts;

[REDACTED] told me that he is a patient at the hospital. On 11/17/18 at around 1700 hours, [REDACTED] said that he was in the west wing of the facility along with other patients. [REDACTED] told me that he started screaming because he was upset towards staff by taking away some of his privileges at the facility. [REDACTED] said that another patient later identified as [REDACTED] "sucker punched" him on the right jaw with a closed fist (right hand). [REDACTED] said that he felt pain afterwards. [REDACTED] said that he did not fight back, and the staff separated them.

[REDACTED] told me that he threatened [REDACTED] after he was punched, but he did not carry out his threats to "kick his ass".

After speaking with [REDACTED] I contacted [REDACTED]. [REDACTED] was escorted to me by staff. [REDACTED] verbally identified himself which I then verified through staff and WACIC/NCIC. [REDACTED] was in tears and crying as he told me that he was sorry for what he did.

When I asked what happened on the 11/17/18, [REDACTED] immediately told me that he punched [REDACTED] because he thought he made "threats to him and to his wife". When asked, [REDACTED] was unable to elaborate what was specifically said by [REDACTED]. [REDACTED] added "he said he knew my wife". [REDACTED] said that he tried to apologize to [REDACTED], but [REDACTED] did not accept his apology.

[REDACTED] advised that he is willing to assist in the prosecution. I provided my contact information to staff and requested a copy of the surveillance video of the incident. Both [REDACTED] and [REDACTED] are on ITA hold at Fairfax hospital. [REDACTED] advised that he did not require any medical assistance after being punched.

Based on my training and experience, statements provided by both subjects, and the totality of the circumstances, I have probable cause to believe that [REDACTED] assaulted [REDACTED]. A PC affidavit and
